Telford, PA 18969

Toll-Free: (877) 988-5464

**Monitor & Control Your  
Legacy Chiller from Any Computer  
on Your Network!**

**Precision Air-Cooled &  
Water-Cooled Process Chillers**

**Cooling Capacities:  
1 to 91 Nominal Tons**

### What We Build:

Air-Cooled Scroll Process Chillers

**Digital** Air-Cooled **Scroll** Digital Process Chillers

Air-Cooled Semi-Hermetic Process Chillers

Portable Air & Water-Cooled Process Chillers

Water-Cooled Scroll Process Chillers

Water-Cooled Semi-Hermetic Process Chillers

Custom / OEM / Private Label Process Chillers

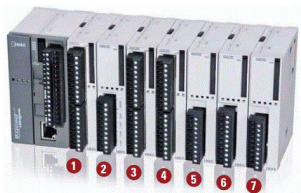

Tank & Pump Packages

City Water Change-Over Panels

### Our Controls:

Legacy - "Easy  
Touch Screen"  
User Interface

Legacy - Pentra Microsmart,  
Programmable Logic  
Controller (PLC), with  
"Plug-in" Control Relays!

For Complete Information on our Controls, ask for  
our **Legacy Controls Brochure**.

### Our Website: [www.legacy-chillers.com](http://www.legacy-chillers.com)

Legacy 1100 Gallon  
(Polyethylene) Dual Process  
Pump Package with  
VFD Controllers

Legacy offers  
**Remote Access...Complete  
Touchscreen Control of the  
Chiller from Anywhere  
in Your Facility.**

## Legacy Process Chiller Applications:

***No Off-the-Shelf Chillers Here...***

***We Build to YOUR Specific Process Cooling Requirements!***

Legacy Chiller Systems, Inc., manufactures process chillers for all industrial and commercial fluid cooling applications. Our chillers are specially engineered with components designed and built for mission critical cooling applications and 24/7/365 service duty.

*Applications include but not limited to:*

Shown Above: Installed Air-Cooled Scroll Chillers

### Commercial, Industrial & Residential Cooling Applications

- Air Conditioning
- Oil
- Injection Molding
- Plating Process
- Welding Machine
- Computer Room Air Conditioning
- Laser
- Dry Cleaning Machine
- Jacket Cooling
- Water-Cooled Condenser
- Printing Processing
- Swimming Pools
- Aquariums
- Fish Hatcheries
- Ice skating Rinks
- Commercial Ship Cooling Applications
- Low Temperature Process
- Plastics & Rubber Industries
- Military
- Anodizing Process Cooling
- Semiconductor Cooling
- Chemical
- Energy
- Plasma Cooling
- Data Center Cooling
- Cold Storage
- Extrusion Cooling
- Custom Cooling Innovation

### Medical & Pharmaceutical Applications

- M.R.I. Magnet
- Operating Room Air Conditioning
- P.E.T. Scan
- C.A.T. Scan
- Lab Testing
- Hypothermia Pads and Blankets
- Pharmaceutical Process Cooling

### Food & Beverage Industry Applications

- Bakery Processing
- Brewery
- Winery
- Drinking Water Fountain
- Batch Cooling
- Ice Machine Pre-Cool
- Fruit and Vegetable Washing and Processing
- Candy Manufacturing
- Dairy Cooling
- Soft Drink/Beverage Cooling
